Mengxin Home Textile —

OEM / ODM Home Textile Programs

Factory-direct OEM / ODM home textiles from Jiande, Zhejiang — blankets, bathrobes, gift sets, nursery and kitchen textiles, built from your specification.

MX-BL-001 · Flannel / Coral Fleece Blanket

MX-BL-009 · Solid Textured Double-Layer Blanket

MX-BL-004 · Printed Seasonal Blanket

MX-BR-001 · Solid / Hotel / Spa Bathrobes

MX-BL-002 · Sherpa Double-Layer Blanket

01 · COMPANY AT A GLANCE

A factory-direct OEM / ODM home textile manufacturer in Jiande, Zhejiang.

Jiande Mengxin Home Textile Co., Ltd. 建德梦馨家纺有限公司

Home textile manufacturing since 2008. Manufacturing base in Jiande, Zhejiang, China. OEM / ODM manufacturing for importers, brands and retail sourcing teams. Program lines cover blankets, bathrobes, cushions, gift sets, baby & sleep, and specialty constructions.

2008
Home textile manufacturing since 2008

≈ 10,000 m²
About 10,000 m² for production, packing and warehousing.

≈ 100
A team of around 100 people covering cutting, sewing, finishing and packing.

15
A 15-member product development team supports sampling and construction work.

Company-stated operating figures.

MATERIALS

- Common constructions include flannel / coral fleece, sherpa and polar fleece. Exact composition is confirmed in sampling.
- Recycled-content materials can be discussed when the buyer program requires them.

HOW WE WORK

- Quality control is built into incoming materials, in-line workmanship checks and final inspection.
- When an issue is found, we record it, contain it, correct it and report the next action.
- Private labels, hangtags, care labels and channel packing can be produced to the buyer's artwork.
- Production updates at agreed intervals and key production milestones.
- Finished goods are packed for export and prepared for shipment on the agreed trade terms.

03 · BLANKETS & THROWS · 6 PROGRAMS

Blanket programs

Retail, wholesale, gift, promotional and OEM/ODM home textile programs. Soft polyester fleece with customizable fabric, weight and construction.

SPECIFICATION	SHARED BY ALL SIX BLANKET PROGRAMS
Material	100% Polyester Flannel / Coral Fleece / Sherpa / Faux Fur / Custom fabric options
Fiber composition	Typically 100% polyester fleece; recycled polyester can be discussed when the project requires it
Standard sizes	130 × 160 cm (approx. 51" × 63") · 150 × 200 cm (approx. 59" × 79")
Custom sizes	Available upon request
Fabric weight (GSM)	Selected based on fabric construction, hand feel, warmth level and project requirements.
Construction	Single-layer / Double-layer / Sherpa reverse / Custom construction
Edge finish	Hemmed / Stitched / Fringe / Tassel / Binding
Print / surface	Solid color / Digital print / Seasonal print / Embroidery / Customer artwork
Packaging	Belly band / Insert card / OPP bag / PVC bag / Color box / Vacuum packing
Care	Machine washable on gentle cycle; care label wording can follow target-market requirements

PACKING OPTIONS

Packing options → page 8

MX-BL-001 · Blankets & Throws

Flannel / Coral Fleece Blanket

Solid single-layer flannel / coral fleece blanket program for OEM/ODM. Confirm fabric, GSM, size and packing before sampling.

Solid fleece | Single-layer construction | Retail packing

- Soft & Plush Touch
- All-Season Comfort
- Machine Washable
- Custom Print & Color Available

MX-BL-002 · Blankets & Throws

Sherpa Double-Layer Blanket

Double-layer sherpa blanket program. Face/back fabrics, GSM and size are confirmed during sampling.

Double-layer warmth | Sherpa reverse | Retail packing

- Sherpa / Plush Reverse
- Custom Color Available
- Soft & Cozy Touch
- Retail Packing Available

Fabric weight (GSM)	Selected based on face + reverse fabric pairing, hand feel and warmth target.
Construction	Double-layer / sherpa-reverse composite construction

03 · BLANKETS & THROWS (CONTINUED)

Shared specification (material, standard sizes, GSM, construction, edge finish, print, packing and care) is on page 4.

MX-BL-003 · Blankets & Throws

Embossed Texture Blanket

Embossed / textured single-layer blanket program. Pattern and GSM are style-dependent.

Embossed / textured face | Single-layer construction | Custom pattern

- Embossed / Jacquard Texture
- Soft & Plush Touch
- Machine Washable
- Custom Pattern Available

MX-BL-004 · Blankets & Throws

Printed Seasonal Blanket

Printed single-layer seasonal blanket program. Artwork, fabric and packing are confirmed per order.

Custom print | Seasonal artwork | Private label

- Custom Seasonal Print
- Digital Print & Artwork
- Soft & Plush Touch
- Private Label Support

MX-BL-008 · Blankets & Throws

Printed Double-Layer Blanket

Printed double-layer blanket program. Print placement and reverse fabric are confirmed during sampling.

Printed face | Double-layer construction | Retail packing

- Printed Face + Reverse Layer
- Custom Artwork Available
- Soft & Warm Construction
- Retail Packing Available

MX-BL-009 · Blankets & Throws

Solid Textured Double-Layer Blanket

Solid textured double-layer blanket program. Texture, GSM and reverse fabric are style-dependent.

Textured face | Double-layer construction | Solid colors

- Textured Face + Warm Reverse
- Embossed / Jacquard Options
- Soft & Plush Touch
- Custom Color Available

04 · BATHROBES · 2 PROGRAMS

Bathrobe programs

Two OEM bathrobe programs: solid / hotel / spa robes, and printed / custom robes.

MX-BR-001 · Bathrobes

Solid / Hotel / Spa Bathrobes

Custom solid bathrobe program for hospitality, spa, retail and private-label applications.

Solid fleece fabrics | Shawl collar | Belt, pockets and branding | Hospitality / retail packing

- Shawl collar, belt and pockets
- Custom size available
- Optional style development from buyer spec
- Hospitality / spa / retail packing
- Embroidery / logo option

Material	Coral fleece / plush fleece; additional constructions can be discussed
Fabric type	Knitted / Woven options
GSM / weight	Selected based on fabric construction, hand feel and robe style.
Sizes	S / M / L / XL · Custom sizing available according to target market
Measured at	Length, chest, sleeve, shoulder, belt length
Style	Shawl collar as shown; hood and other styles as optional development from buyer specification
Belt / pocket	Belt, pocket and loop available
Logo	Embroidery / Woven label / Care label
Packaging	Poly bag / PVC bag / Color box / Hotel packing
Care	Washable construction; industrial-laundry durability can be discussed for hotel programs

MX-BR-005 · Bathrobes

Printed / Custom Bathrobes

Printed and custom bathrobe program. Artwork, fabric and packing are confirmed per OEM order.

Custom print / pattern | Retail gift packing | Private label

- Buyer artwork / seasonal print
- Shawl collar, kimono, belt, pockets
- Retail and gift packing
- Flannel or coral fleece face
- Optional hood
- Private-label branding

Fabric	Printed flannel or coral fleece; other fleece faces discussed per artwork.
Construction	Wrap robe with belt; shawl collar or kimono style; pockets; optional hood.
Printing	Custom artwork or seasonal print. Print placement and repeat are confirmed on a strike-off / sample.
Color	Driven by artwork; trims and belts can follow a Pantone color if required.
Sizes	S / M / L / XL, or a size set specified by the buyer.
Measured at	Length, chest, sleeve, shoulder and belt length — confirmed on the size chart before sampling.
Logo / branding	Embroidery, woven label, care label and hangtag.
Packaging	Retail gift packing, poly bag or hotel-style fold — specified with the order.

05 · GIFT SETS, NURSERY & KITCHEN TEXTILES · 3 PROGRAMS

Gift sets, nursery & kitchen textiles

Photos show set components; the combination and packing are confirmed per project.

MX-CI-003 · Gift Sets

Custom Textile Gift Sets

Custom textile gift-set program for retail and promotional buyers. Combinations, packing and labels are confirmed per project.

Blanket + cushion set | Blanket + toy set | Towel gift set | Cushion cover + fitted sheet | Seasonal gift packing

Construction	Two or more coordinated textiles plus specified packing accessories.
Set contents	Defined per project. Each component has its own size, confirmed on a set packing list before sampling.
Print / embroidery	Shared print family or mixed solid + print, confirmed on the set.
Logo / branding	Hangtags, inserts, woven labels and printed packing.
Packaging	Gift box, sleeve, ribbon, insert card, hangtag and master carton — specified as a packing program.

MX-SP-202601 · Baby & Sleep

Baby Changing & Nursery Textiles

Baby changing pads, muslin diaper cloths and related nursery textiles. Fabric, size and packing are confirmed during sampling.

Flannel / coral fleece | Plush / muslin (by style)

Typical goods	Changing pads / mats, muslin diaper cloths (e.g. 60 × 60 cm multi-packs) and related nursery cloth items that share the same fabric, print and packing conversation.
Fabric	Flannel, coral fleece or muslin-type constructions discussed per style. Composition is confirmed on the order spec sheet and is not assumed in advance.
Construction	Pad body, binding or edge finish, and any quilted or layered detail specified by the style.
Size	Custom sizes available based on program requirements.
Logo / branding	Woven label, care label and hangtag as specified.
Packaging	Poly bag, insert or retail bag — confirmed with the nursery assortment.
Testing	Testing and document support for nursery / sleep-bag programs can be coordinated to the destination market and the buyer's own specification. We do not claim infant-safety, flammability or children's-product certifications.

MX-SP-202614 · Specialty Products

Microwave Glove & Pot Holder Set

Kitchen textile set. Construction, size and packing are confirmed during sampling — this is not a blanket program.

Material	Kitchen textile; fabric and heat protection are confirmed during sampling
Weight	Set by glove / pot-holder construction (blanket GSM does not apply)
Size	Custom glove and pot-holder size
Customization	Fabric · Size · Color / pattern · Labels · Packaging
Packing	Individual poly bag · Export carton

06 · CUSTOMIZATION & PACKING

Built to your specification — confirmed on the sample.

Each program starts from your specification and an approved sample. A 15-member product development team supports sampling and construction work. Prototype / pre-production sampling is available based on project requirements.

Fabric
Common constructions include flannel / coral fleece, sherpa and polar fleece. Exact composition is confirmed in sampling.

Fabric weight (GSM)
Selected by fabric construction, hand feel and warmth target — confirmed during sampling, not taken from a single factory-wide range.

Size
Blankets in standard program sizes (130 × 160 cm / 150 × 200 cm) or custom dimensions; robes S / M / L / XL or your size chart.

Color
Solid colors, or a custom Pantone color.

Print & embroidery
Solid color / Digital print / Seasonal print / Embroidery / Customer artwork.

Labels & hangtags
Private labels, hangtags, care labels and channel packing can be produced to the buyer's artwork.

Carton mark & barcode
Support for labels, packing information, carton marks, barcode and customer-required project files.

Records
Material, order and packing records can be prepared in the buyer's required format.

PACKING OPTIONS

Belly Band	Retail channel: low-cost branded wrap for shelf or pallet display.
Insert Card	Retail / gift: printed product or brand story card inside the fold.
OPP Bag	Wholesale / promo: lightweight individual protection with optional sticker.
PVC Bag	Retail gift: reusable clear bag for hangtag + barcode programs.
Color Box	Gift / seasonal: branded carton for unboxing and store shelves.
Vacuum / Carton Packing	Export logistics: compressed pack and master carton with custom shipping mark.

Finished goods are packed for export and prepared for shipment on the agreed trade terms.

Folding and packing

PRODUCT DEVELOPMENT & SAMPLING

Fabric Matching
Recommend suitable fabrics based on product use, target price and market requirement.

Pattern Adjustment
Support print, embroidery, color and size adjustments before sampling.

Sample Development
Develop samples for confirmation before bulk production.

Packing Suggestion
Provide packaging options for retail, wholesale, gift and project orders.

WHAT WE CONFIRM WITH YOU BEFORE SAMPLING

Fabric and construction · fabric weight (GSM) · finished size · color or artwork · print / embroidery placement · labels, hangtags and barcode · individual packing · carton quantity and shipping mark · destination market and any test the buyer requires.

07 · FROM SAMPLE TO SHIPMENT

From your specification to bulk.

Structured order execution — no black box after the PO. Production updates at agreed intervals and key production milestones.

01
Specification review
Fabric, size, color, labels and packing are written into a production specification.

02
Sample
A pre-production sample for hand feel, size, branding and packing.

03
Approval
Bulk production starts only after you approve the sample.

04
Bulk with QC
Incoming material, in-line and final inspection before shipment.

ORDER LIFECYCLE

01 Requirement Review
Product, market, quantity, packing and document needs.

02 Sample / PPS
Hand feel, size, branding and packing before bulk.

03 PO
Confirmed specification, quantity and trade terms.

04 Production Planning
Line plan, materials and inspection points.

05 Material Preparation
Fabric and trims checked before cutting.

06 Production
Cutting, sewing and finishing to the approved sample.

07 Progress Updates
At agreed intervals and key milestones.

08 In-line QC
Workmanship, size and appearance during production.

09 Final Inspection
Finished goods, labels and packing before shipment.

10 Packing
Channel packing and carton marks.

11 Shipment
Export packing and loading on agreed terms.

QUALITY CONTROL

Material Check	Before cutting, fabric color, hand feel, weight and surface condition are checked.
In-line Inspection	During production, sewing, size, workmanship and print position are reviewed.
Final Inspection	Before shipment, finished products, labels, packing and carton marks are checked.
Corrective action	When an issue is found, we record it, contain it, correct it and report the next action.

PRODUCTION UPDATES

Agreed interval	Where an interval is agreed for the order, we update on that cadence. We do not promise a bi-weekly SLA on every order.
Key production milestones	Sampling, material in, production start, in-line QC, final inspection, packing and shipment.
Immediate escalation	Quality holds, material delays or specification conflicts are raised as soon as they are known.

BUYER REPORT · MANUAL PILOT

Structured buyer reporting is available. Format follows the order profile and buyer requirements. Buyer Reports are prepared manually, starting with a pilot on 1–2 real orders; there is no login portal.

Order Summary
PO reference, construction, quantity, destination, current milestone.

Milestone Status
Complete / In progress / Pending / Hold / Action required.

Production Photos
Workshop and packing photos at agreed milestones.

Quality Status
In-line and final inspection notes.

Risk & Corrective Action
Open issues, containment and next action.

Next Actions
What the factory will do next, and what we need from the buyer.

Illustrative structure — not a live order. Smaller orders receive milestone updates.

Production workshop

Quality inspection before packing

08 · COMPLIANCE & TESTING SUPPORT

Testing, audit and document support — coordinated to your program and market.

Requirements vary by target market, product use, fabric composition and customer program. We recommend confirming the target market, required standards and documents before sampling, so the right tests can be planned.

Testing, audits & documents
We coordinate testing, audits and compliance documents according to the buyer program.

Third-party testing
Third-party testing can be coordinated with recognized laboratories according to the destination market.

OEKO-TEX-related support
OEKO-TEX related support can be discussed according to selected fabric and project requirements.

GRS-related documents
GRS-related documents can be discussed for projects that use recycled materials.

Social-compliance documents
Factory audit and social-compliance documents can be prepared according to the buyer program. Audit frameworks such as BSCI are standards a buyer may request. We do not claim membership or a current grade.

Recycled & restricted substances
Recycled materials and restricted-substance testing can be coordinated when the program requires them.

Retail programs
Designed to support major retail sourcing requirements. Retail programs are buyer-specific. Retailer-specific compliance can be coordinated when the buyer provides the program requirements.

Order & packing records
Material, order and packing records can be prepared in the buyer's required format.

TESTING ITEMS COMMONLY DISCUSSED FOR HOME TEXTILES

Physical Performance
- Fabric weight / GSM
- Shrinkage
- Pilling resistance
- Seam strength
- Dimensional stability

Color & Appearance
- Color fastness to washing
- Color fastness to rubbing
- Color fastness to light
- Print durability
- Appearance after washing

Chemical & Safety
- Formaldehyde
- Azo dyes
- pH value
- Restricted substances
- Odor check

Packing & Labeling
- Care label information
- Fiber content
- Carton mark
- Barcode / hangtag
- Retail packing check

HOW COMPLIANCE IS HANDLED BEFORE SHIPMENT

01 Requirement Review
We review target market, product use, fabric, packing and customer document requirements.

02 Material Confirmation
Fabric composition, weight, color and optional recycled material requirements are confirmed before sampling.

03 Sample & Testing Discussion
Samples can be prepared for customer review and testing items can be discussed before bulk order.

04 Production & QC Records
In-line inspection and final inspection help control workmanship, size, labels and packing.

05 Documents & Inspection Before Shipment
Available documents, test reports and third-party inspection can be arranged according to project requirements.

SCOPE

Testing, audit and document support is arranged per project — no scheme certificate is presented in this catalog. Certificate or test report coverage may depend on product material, fabric source, color, printing method and production batch. We recommend confirming requirements before sampling. Available documents and test reports are shared during business communication. We do not claim approval by any retailer.

09 · START AN RFQ

Send us your brief — we reply with the next steps.

FOR A QUOTATION, PLEASE SEND:

1. Product type / program
2. Target size
3. Fabric / construction
4. Color or artwork
5. Quantity
6. Packaging requirement
7. Destination market

Include fabric, size, quantity, packing and destination market for a faster quote. Quote the style code (for example MX-BL-001) when a program in this catalog is close to what you need.
